SUMMARY

Motivated Computer Science and Engineering student with specialization in Artificial Intelligence and Machine Learning with skills in Java, SQL, Spring Boot, and MySQL. Experienced in full-stack development and responsive web design through academic projects. Quick learner with strong problem-solving and teamwork abilities.

TECHNICAL SKILLS

- **Programming Languages:** Java, SQL
- **Web Technologies:** HTML, CSS
- **Database:** MySQL
- **Tools:** Git, GitHub, Postman, VS Code

EDUCATION

Sahyadri College of Engineering and Management, Mangaluru

2023 – 2027

B.E - Computer Science and Engineering(AIML) 3rd Year (Ongoing), Mangaluru, Karnataka

PROJECTS

Marksheet Scanner (OCR, Automation, Data Processing)

2025

- Developed an automated marksheet scanner using OCR technology.
- Extracted and auto-filled data into Excel spreadsheets.
- Reduced manual data entry time significantly.

Hostel Management System (Web Application, Database)

2025

- Built a comprehensive hostel management application.
- Implemented room allocation and student record management features.
- Designed structured database for efficient data handling.

Cervical Cancer Severity Stratification Using Medical Images

2026

Technologies: Python, FastAPI, React.js, TensorFlow/PyTorch, OpenCV, CNN, HTML, CSS, JavaScript

- Developed a deep learning model for cervical cancer severity classification from medical images.
- Designed and integrated a web interface for image upload and automated diagnosis.
- Performed image preprocessing, model training, and evaluation to improve classification performance.
- Enabled real-time prediction with confidence scores to support early diagnosis.

Personal Portfolio Website

2025

(HTML, CSS, JavaScript)

- Designed a responsive portfolio website showcasing projects and resume.
- Deployed using GitHub Pages.

CERTIFICATIONS

- Social Innovation Program – Technical Career Education (TCE), May 2024
Completed with Very Good performance
- Database Management System - Infosys Springboard
- JobReady Employability Skills - Wadhwani Foundation
